Guidelines for the Use of Public Areas and Adjacent Corridors for Special Events

In the context of preserving the public image and impressions formed by patients and visitors, and to enhance the level of TTUHSC's user friendly environment, as perceived by students, patients and visitors, it is acknowledged that special needs, events or occasions may arise which may require the temporary use of public areas such as corridors, hallways, atriums, or elevator lobbies. Functions benefiting faculty and students, academic organizations or programs or other approved functions supporting the mission of TTUHSC are considered appropriate reasons for use. The temporary use of any public area or space requires submission of an online
