

# 11th Annual CMPR Symposium

TTUHSC - School of Medicine

Friday, Oct. 4th, 2019

~ SCIENTIFIC PROGRAM ~

KEYNOTE

12:00 - 1:00 pm

macromolecular transport & chaperone complexes in adaptive immunity

Academic Event Center

Robert C. Laszlo, Ph.D., Professor, Institute of Biochemistry, Goethe University Frankfurt, Germany

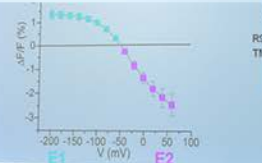

# Understanding the Activation mechanism of G-protein Gated Inwardly Rectifying Potassium (GIRK) Channels

Maryam Yekefallah

Department of Chemistry and Biochemistry, TTU

October 2019

# Biochemical evaluation of activity of human MDR1 P-glycoprotein

Maisa Correa de Oliveira  
Vogel/Wise lab - Southern Methodist University (SMU)

SMU  
Vogel/Wise lab

- Methylxanthines
- Oxidants
- Polyanionic lipopeptides
- Steroids

Challenges of Cell
