

EPA Thinking - Module 9

Mentor supplement with examples and prompts

Modeling It will be important to be able to explain
the decisions they made to the project
manager

- Students keep in mind that they are explaining to a knowledgeable audience
- Decisions are not always obvious. They are often effective only because they are explained.
- The final product is the focus of the original decision
- Answer the EPA and the decision maker's questions. Make the path to the solution clear. Tell them what you did for the project.

You will be aided by several examples

1. This section of the article is the one that we will be using to illustrate the process.
2. [background] of the project
3. Highlight the key points of the page.
4. The steps in the process are described in the following table.

EPA?) [an]des ight of ad eat bi p ; by pad
