

Questions asked by Texas Medical Board:

Full disclosure: The questions below mirror those asked by the Texas Medical Board (TMB) on the Physician-in-Training permit application. It is imperative that you honestly and fully answer all questions, regardless of whether you believe the information requested is correct. An honest "yes" answer to a question on your application is not definitive as to the Board's assessment of your present moral character and fitness; however, an honest "no" answer is evidence of a lack of candor and honesty, which the TMB may view as definitive on your character and fitness issue. Please be advised that a false response to any of these questions may be grounds for denial of licensure and reported to the appropriate data banks. In addition, the Texas Medical Board will specifically ask about diagnosed or treated conditions (mental, physical, or neurological) that have or may impair your behavior, judgment, or ability to function as a physician. Should you be enrolled in a TTUHSC GME program, the Institutional GME Office is available to advise and support your completion of the TMB Physician-in-Training application.
