

TB suspect patients will be priority for negative pressure beds.

8

If local hospital capacity is exceeded, 4 SCU beds at Montford will be utilized. There are currently (4) functioning ventilators at the Montford Facility.

If you have a patient that meets clinical criteria for Montford referral, please contact your assigned Regional Medical Director. If your Regional Medical Director cannot be reached, please follow the following chain of contact:

Dr. Benjamin Leeah 806-381-
